Town Manager Report

October 5, 2010

- New workshop date for Beach / Traffic Ordinance will now be Monday, Nov. 8th at 6:30 PM.
- Monitoring progress on ASO Building for BOS review.
- Met with K & K and had second pay requisition (notes to follow).
- Met with electrician and worked with Gilman to get started on the lighting project.
- Had a kick-off stakeholder meeting on the South Village Infrastructure engineering.
- Met with staff on draft Capital Improvement Plan and have started to format budget documents (anticipated revenues, requested appropriations, etc.)
- Met with John Cleveland on several economic development issues that we will be discussing Thurs. Night at CEDC
- Administered preparation and held the Conservation Forum.
- Finalized that state wants TWO sets of TIF tax shift numbers crunched and then we will be approved. John C.'s #1 priority.
- Working on identifying landowners with whom we'd like to discuss the So. Village project.
- Attended a Thompson Lake Dam Committee meeting. Minutes are on our website – Can access them right from the town's HOMEPAGE.
- Met with F/T Fire Personnel on retirement issues.
- Helped organize and attended an MMWAC legislative breakfast to try and direct some legislation to help the plant's waste stream and thus our bottom line as one of twelve owners.
- Met with a developer and referred him to John C.
- Met with and assisted two landowners having issues.
- Had the RFQ / RFP opening on October 4th.
- Helped organize and administer the Candidate's Night forum.
- Met with MDOT engineering firm about upcoming engineering wishes for the mile of 26 from Brown Rd to PRHS (notes to follow)
- More work on Library Trust effort – getting more financial documents.
