Members Present: Fred Huntress (co-chairperson), Barry Morgan(co-chairperson) Jean Potuchek(Treasurer), Donald Stover(Secretary), John Laskey, Keith Messer, Steve Robinson(Selectperson), James Walker (Selectperson).

Meeting called to order at 7pm.

Minutes of October 12, 2016 were reviewed and approved.

Heart of Poland: New England Forestry Foundation (NEFF) has sent a draft of the easement document. Fred will meet with Betsy Cook of NEFF to make final changes and corrections. The commission agreed that one of the changes should be to prohibit bicycles in the easement area. Fred suggested and the commission agreed to ask Deborah Perkins to prepare a wildlife management plan to be included with the required forest management plan. Sherman Small, a forester who has done previous work for us, will be asked to prepare the forest management plan. Once the easement language is finalized, Betsy Cook will visit the site to prepare baseline documentation. The corrected easement document will then be given to Bradley Plante, Town Manager to forward to town attorney for review.

Fred presented the recently completed and beautifully readable survey map. All corners have been marked with rebar posts and lines have been marked with tape. A trails committee group will more permanently mark the boundary lines with paint on the trees.

Waterhouse Park and Brook Trail: Keith Messer and David Lowe are giving priority to completion of the area map. Keith plans to organize a work crew to upgrade the Beaver Knoll trail, remove an old tree stand and make several log benches. Barry discussed difficulty of preparing a grant without engineering detail for the bridge. An engineer is being sought to prepare a plan. Jean states that we probably have sufficient money in the budget to do this.

Bragdon Hill Conservation Area: A mountain bike group has approached Scott Segal about usage of HOP and BHCA areas. This will not be permitted in HOP. Keith recommended and the commission agreed to discussion with them about possible mountain bike usage on the east side trails of Bragdon Hill area. This will depend upon details of usage (size of groups, parking, etc) and willingness to participate in suitable trail building that will deal with issues of mud, erosion, interference with hiking, respect for wildlife. Any approval for mountain biking would also require permission from NEFF. Keith will pursue further discussion with this group.

Adjourned at 8:11pm. The next meeting will be on December 14, 2016 at 7pm in the Ricker Library Conference Room.

Respectfully submited by Donald Stover, Secretary

November 2016 Monthly Report

To: The Board of Selectmen

From: Judith A. Akers, Town Clerk

Town Clerk

We survived another General/Referendum Election! What an election! We are noticing that voters need to educate themselves on the voting process. We issued 1017 absentee ballots for this election which was about 25 percent of our voters. We registered 347 new voters for this election and 3,284 ballots were cast. Over all everything went very well at the voting facility. We changed the traffic pattern at the Town Hall parking area and once voters saw the traffic pattern in and out of the facility it got better. We got backed up at the very beginning in the morning both inside and out of the building but after the initial opening of the polls the voters were able to get in and out in a timely fashion. We definitely should be looking at expanding the parking area before another General Election is held. I am not listing the results for Poland as they were posted on the town's website right after the election results were computed. We had a great group of people who worked at the election and on the election. We had great team work. Thanks to all.

We had ten students from the 3rd and 4th grade class from Poland Spring Academy visit our office for a field trip on November 16th. They are studying local government. I gave them a tour of our office and introduced them to all of the other departments. Each department person explained what their duties were and what is done in their office. I explained the different transactions that are done at the front counter and showed them the vault and old Town Meeting books along with our oldest Vital Statistics book dating back to the 1700's. They also saw the conference room where the Board meetings are held and got a big kick out of sitting in the BOS chairs pretending they were officiating at a meeting.

Monthly Reports for Inland Fisheries and Wildlife

The following transactions were processed ATV's,(8), (0) Boats (13), Snowmobiles, (23) Hunting and Fishing Licenses, and (70) Dog Licenses

Motor Vehicle Reports from 10/27/16 to 11/30/16

We processed 507 transactions and collected \$93,603.29 in excise tax for this period.

Tax Collector

We collected \$696.082.18 on real estate taxes \$25,660.44 on tax liens and \$15,108.32 on personal property taxes.

Treasurer

Most of our participants in the tax payment agreements continue to pay their monthly installment plans. We have one account that is in bankruptcy and we are not able to collect taxes until they are out of bankruptcy.

Board of Selectmen 1231 Maine Street Poland, Maine 04274

Dear Board Members:

At the Board's meeting on December 6, Janice Kimball said that an exchange of land between the Town of Poland and the Laliberte's might set an undesirable precedent.

I would like to call your attention to a land exchange between myself and the Town of Poland in 1978 when the town voted to exchange the land where the town office and old schoolhouse are now located for a town owned woodlot on North Raymond Road.

I had acquired the land on Route 26 adjacent to the town hall from the Bankruptcy Court several years before when I was on the Board of Selectmen with the thought that the town would need it for future expansion.

Had the town not voted to exchange their woodlot for my land beside the town hall the present municipal building and parking lot would probably not exist. This exchange cost no money to either party and the town acquired a very valuable parcel of land.

The proposed exchange of land between the town and Laliberties should be of benefit to both parties, now and in the future.

Sincerely,

Fred A. Huntress, Jr. 1994 A. Handress and Market and M

SECTION 1 INTRODUCTION AND GENERAL PROVISIONS

101 Welcome

Welcome to public service with the Town of Poland. You have been selected to work with the Town as a result of your knowledge, experience and training in your chosen field. You are joining other dedicated employees who are providing consistently high levels of service to Town residents and taxpayers. It is critical to remember that with our mission of service to the public, we must continually strive for the highest levels of effort, performance and conduct.

Town employees form the core of the organization and are its most important resources. Accordingly, the Personnel Policy has been prepared and provided to guide you and your fellow employees in your daily activities, including your responsibilities, rights and benefits as a Town of Poland employee. Your careful attention to this document will help to provide you with a rewarding and satisfying career in Town service.

102 Purpose

The purpose of the Personnel Policy is to establish and set forth a uniform and equitable system of personnel administration generally governing employment with the Town of Poland. This policy applies to all positions not covered by collective bargaining agreements. This policy will supersede any previously existing personnel policy and take effect on 1 January 2017.

103 Disclaimer

This personnel policy sets forth some of the general procedures and policies currently in effect at the Town of Poland. Personnel policies and benefits by their nature are constantly under review as they are affected by changes in applicable law, regulations, economic conditions, and the way the Town does business. The Board of Selectmen therefore necessarily reserves the right to change provisions of this manual with reasonable notice when it deems the change to be in the best interest of the Town and its personnel. Neither this agreement nor any of its provisions are intended to be part of a contract between the Town and any employee, and this personnel policy does not constitute a written contract of employment with any individual or a promise or assurance of continued employment to any individual. The Town Manager has the authority to make exceptions to these policies when necessary for the good of the Town and in the exercise of his authority under Section 302 and other provisions of the Poland Town Charter.

104 Application of Rules and Regulations

This policy governs the relationship between the Town and its employees who are not covered by a collective bargaining agreement, should one come into being. Standardized forms, definition of terms and procedures, as well as certain legal mandates such as equal employment opportunity, Workers' Compensation, Unemployment Compensation, and safety requirements, are intended to apply to all employees, unless those terms are covered by a collective bargaining agreement. Under no circumstances shall any provisions relating to wages or benefits in these policies apply to any employee covered by a collective bargaining agreement. Terms not defined within this policy shall be construed to have the meaning found within a standard dictionary.

105 Goal of Personnel Management

The goal of personnel management in the Town of Poland is to:

 Provide effectiveness, economy, and productivity in delivering services to the citizens of Poland;

- Encourage a commitment to professional excellence in serving the public and continue the professional development and upgrading of employee skills;
- Provide reasonable assurances that the duties and responsibilities of employees and the Town alike are respected;
- Afford reasonable treatment to all individuals desiring to enter Town service and whenever
 possible to provide opportunity for advancement in Town service on the basis of skill, effort
 and performance, as determined through competitive process;
- Provide that employees are treated reasonably according to these policies in all personnel processes;
- Expect that employees shall use their best efforts to fulfill their obligations to the Town and its citizens.

106 Non-Discrimination

The Town shall administer and implement these policies in a manner that shall not discriminate unlawfully against any person because of race, color, religion, sex, national origin, age, sexual orientation or physical or mental disability.

107 Americans with Disabilities Act (ADA)

The Town of Poland is committed to providing accommodations to allow individuals with known disabilities who are otherwise qualified to perform the essential functions of the job as defined by federal and state law under applicable laws and regulations. The municipality's intent is to ensure that every request for an accommodation, due to disability, is promptly and properly reviewed. Poland is committed to following the requirements of the ADA and all appropriate federal and/or state laws, rules and regulations.

All requests for accommodations are to be directed by the employee or Department Head to the Town Manager for consideration and review. The review of the request may include an informal meeting, and may include an evaluation and determination of the scope of the disability and, if appropriate, requests for medical documentation, examinations and/or opinions.

- 107.1 The employee or the employee's Department Head shall contact the Town Manager for assistance in requesting an accommodation. No department or individual may grant any accommodation, except on a short term or emergency basis, without first receiving approval of the Town Manager. If an employee's Department Head makes the request for accommodation on behalf of the employee, the employee must then work with the Town Manager directly. Only that information absolutely necessary shall be shared with the employee's Department Head. The employee's Department Head should not act as an advocate or surrogate for the employee. The Town Manager shall work with the employee in completing the ADA process in a timely and efficient manner.
- **107.2** Any information submitted shall be considered confidential and may be shared only with those who have a need to know in accordance with federal and/or state law. The Town Manager shall make the determination of the need to know in consultation with the applicable department.

- If the nature and extent of the disability, and need for accommodation is not obvious, the Town may require the employee to present documentation from a health professional concerning the nature of the disability, its functional limitations relevant to the employee's job duties, and the need for reasonable accommodation.
- The employee shall be responsible for the expenses of providing documentation from his or her health professional, which may include the costs of necessary medical examinations needed to render a medical decision. If, upon review, the Town Manager determines that an additional medical opinion is necessary, the Town shall be responsible for the additional costs.
- Failure to provide necessary medical documentation, and/or failure to submit to an independent medical examination may, result in denial of any request(s) for accommodation(s).

107.3 The Town Manager, after consultation and discussion with the employee, must make the following necessary determinations for each ADA accommodation request:

- Establishing the existence of a disability. If this is not apparent, it may require proof of actual diagnosis by an appropriate medical care professional, with appropriate documentation supporting the diagnosis.
- Whether, and to what extent the disability affects the ability of the employee to perform an essential function(s) of the employee's position.
- The job's function(s) that the disability impacts.
- The type of accommodation(s) that would be necessary.
- Whether the needed accommodation would be reasonable within the meaning of the law.

107.4 The Town Manager shall implement the decision through appropriate municipal procedures if the employee is to be accommodated.

107.5 The Town Manager shall issue a written response within a reasonable time after the request for accommodation. A reasonable time is necessarily flexible, taking into consideration such factors as the complexity of the request, cooperation of the employee, any need(s) for additional medical examinations and/or opinions, and so forth.

108 Employee Recommendations

Suggestions for ways to improve Town services are encouraged. Employees may submit written recommendations to their Department Head or the Town Manager as appropriate.

109 Equal Employment Opportunity/Affirmative Action

The Town of Poland is committed to compliance with the Equal Employment Opportunity Act and the Affirmative Action plan as voluntarily adopted by the Town of Poland.

110 Employee Expectations

- 110.1 Attendance and Punctuality: The Town of Poland expects employees to be reliable and punctual in reporting for scheduled work. In the rare instances when employees cannot avoid being late to work or are unable to work as scheduled, they should notify their Department Head as soon as possible in advance of the anticipated tardiness or absence. Poor attendance or excessive tardiness may lead to disciplinary action, up to and including termination of employment.
- 110.2 Courtesy and Professionalism: The employees of the Town are public servants and the citizens must be treated with courtesy and consideration. Every employee should remember that he or she might be the only contact a citizen has with his or her local government. The impression that the employee makes will determine for a long time to come what the citizen thinks of our Town Government. Failure of an employee to act with reasonable courtesy may result in disciplinary action. Employees are expected to practice a high level of personal hygiene, dress appropriately and conduct themselves with a professional demeanor.
- **110.3 Response Time Requirement:** The Town Manager may require that new employees reside within a thirty (30) minute response time, if the Town Manager determines that requiring such response time promotes the public health and safety, or improves the administration of Town government. Such findings must be included in the job posting for the specific position.
- **110.4 Chain of Command:** When you take a municipal job, you are buying into a formal structure of communication and supervision; you cannot change from "citizen hat" to "town employee hat" as a defense for such an "end-run" of those communication supervisory chains of command.
- 110.5 Mandatory Training: Every municipal employee, regardless of their employment classification is required to participate in annual trainings determined by Town administration as recommended by the Maine Bureau of Labor Standards (MBLS) and Occupational Safety and Health Administration (OSHA). These annual trainings, conducted by the Poland Safety Committee each December, are to educate the employees of the safety policies and procedures adopted by the Town. Participation is a required condition of employment and employees who do not complete the requirement by January 31st immediately following the December training may be subject to termination.

Each municipal department may also have mandatory trainings, certification or licensures specific to that department. Employees who do not maintain current required trainings, certifications or licensures may be subject to termination.

111 Recruitment and Promotion

Current employees are encouraged to apply for any position for which they may be qualified however the Town shall not be required to promote an existing employee if in the sole judgment of the appointing authority an outside candidate is more qualified.

112 Job Descriptions

A job description will be prepared for each position. The job description will outline the duties, responsibilities, knowledge, and skill level requirements of the position. Each employee will receive a copy of his or her job description when hired. Each job description should be reviewed periodically as part of the performance appraisal process and if necessary revised to reflect changes in the employee's duties and responsibilities.

113 Anniversary Date / Employment Date

For administrative simplicity, the employee's hire date will be their anniversary date for determining sick leave and vacation accruals.

- 113.1 Years of Employment Service: Only those years of service where an employee was receiving at least partial benefits under this policy (vacation, sick time, holidays, etc.) shall count toward an employee's overall years of service.
- 113.2 Break in Employment Service: A break in employment service occurs whenever an employee voluntarily leaves the town's employment for a period of more than 180 days or when discharged from employment for any amount of time for disciplinary reasons. Participation under approved Family & Medical Leave Act, Jury Duty, Maternity Leave, and involuntary Military Duty would not be classified as a break in employment service.

114 Record Keeping

Accurately recording time worked is the responsibility of every hourly employee. Federal and State laws require the Town of Poland to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is the time actually spent on the job performing assigned duties.

Each full-time employee is entitled to one, thirty-minute (30) break period and one fifteen-minute (15) break period during any shift of eight hours. It will be up to the discretion of the Department Head or Manager to schedule appropriate break times within each department to coincide with the required workday. Employees with shifts longer than eight hours are entitled to break times in accordance with State law.

Non-exempt employees should accurately record the time they begin and end their work, as well as the beginning and ending time of each break period. They shall also record the beginning and ending time of any split shift or departure from work for personal reasons. Failure to document said breaks on an employee's time card is the responsibility of the employee and in no event, shall failure to take breaks or document breaks result in a liability to the employer. There is a presumption of breaks being made available to employees, even if not noted on the time cards.

The appropriate Department Head must always approve overtime for non-exempt employees before the work is performed.

Altering, falsifying, tampering with time records, or recording time improperly may result in disciplinary action, up to and including termination of employment.

The Department Head will review and approve all time records before submitting it for payroll processing. The Town Manager shall also review and approve all payroll time records.

115 Personnel Files / Records

The Town Manager and/or his/her designee are responsible for creating and maintaining centralized personnel files for all employees. The Town Manager and/or his/her designee will also retain files concerning applicants for Town positions and personnel files of former employees. Personnel files should include such records and information to document the employee's personnel actions during his/her employment with the Town.

Employee personnel files are considered confidential documents. Only those persons with the right to know or the need to know may have access to the personnel files. Any employee has the right to inspect his/her personnel file or to receive copies of his/her own file. Requests to view or inspect centralized personnel files should be made in advance to the Town Manager in writing.

116 Termination of Employment

An employee shall provide at least two (2) weeks written notice to the Department Head and/or Town Manager, of their effective date of resignation in order to be deemed having "resigned in good standing". The Town Manager at his/her sole discretion may waive any or all of this notification period. Employees are encouraged to give as much advance notice as possible to assist in a smooth replacement procedure.

Prior to termination the employee shall be offered an opportunity to meet with the Town Manager to execute an exit interview.

Employees, who anticipate retiring from the Town of Poland, should contact the Town Manager within six (6) months of the scheduled retirement date to provide an easy transition.

At the discretion of the Town Manager, when deemed in the best, long-term cost interest of the Town may negotiate a severance package for an employee who is asked to resign.

The Town Manager has the authority to terminate the employment of any Town employee when necessary for the good of the Town, and nothing in this section or in this personnel policy shall be deemed to modify or limit the authority of the Town Manager under the requirements of Maine state law (just cause/due process).

117 Secondary Employment

Any full-time employee who engages in secondary employment shall notify his/her Department Head. Department Heads will then notify the Town Manager. The Town Manager will determine whether an employee's secondary employment presents a conflict with his or her duties to the Town.

118 Hiring Of Relatives

The employment of relatives in the same department of an organization may cause serious conflicts and problems with favoritism and employee morale. In addition to claims of partiality in treatment at work, personal conflicts from outside the work environment can be carried into day-to-day working relationships. The hiring of relatives of elected and other employees is detailed in Chapter X, Section 10.4 of the Poland Town Charter.

119 Workplace Threats and Violence

The safety and security of the employees of Poland, as well as the public who conduct business in the various municipal buildings, is of paramount importance to the Town. Therefore, threats, threatening behavior, or acts of violence against an employee, visitor, guests, or other individuals by anyone on Town property will not be tolerated. Violations of this policy will lead to disciplinary action, which may include dismissal, arrest, and prosecution.

Any person who makes unlawful threats, exhibits threatening behavior, or engages in violent acts on Town property shall be removed from the premises as quickly as safety permits, and shall remain off Town premises pending the outcome of an investigation. The Town will initiate an

appropriate response that may include, but is not limited to, suspension and/or termination of employment, and/or criminal complaint against the person or persons involved.

All Town personnel are responsible for notifying his/her Department Head, Town Manager, or the Sheriff's Department of any threats that he/she has witnessed, received, or has been told that another person has witnessed or received in connection with the person's job duties. Even without an actual threat, personnel should also report any behavior witnessed which they regard as threatening or violent when the behavior is job related or might be carried out on a Town-owned site or is connected to Town employment.

The Town Manager with the approval of the Board of Selectmen shall develop and maintain a wage scale that addresses the compensation minimum, median and maximum for each position within the Town's employment.

202 Annual Wage Scale Adjustment

Effective July 1st of each year the wage scale shall be adjusted annually to reflect changes in the Consumer Price Index (CPI), which shall be determined annually by the Board of Selectmen, unless the Board of Selectmen either upon its own initiative or upon recommendation of the Town Manager, votes to suspend or modify this adjustment for a particular year.

203 Starting Salaries

The starting salaries of new employees shall be set within the limits established by the appropriate wage scale. The Town Manager may place new employees above the lower end of the wage scale when he or she determines that experience, training, and market forces make it necessary in order to attract and retain good employees.

204 Performance Bonus

Annually, permanent full-time employees may be eligible for a Performance Bonus with the first day of the first pay period of the new fiscal year. The Performance Bonus Program will be authorized annually by the Board of Selectman based on available funding. Funds will be authorized for the program by the Board of Selectmen and will be distributed to Department Heads by the Town Manager.

The bonuses are a onetime payment and are earned through the annual performance evaluation conducted by each employee's Department Head.

205 Compensation for Increases in Responsibility

In circumstances where an employee's responsibilities change substantially, the Town Manager may, upon recommendation of the appropriate Department Head, grant movements within the wage scale in recognition to the increase in responsibility. The change in responsibility must be extraordinary such as beginning to supervise employees when supervision was previously not required, and cannot be part of the natural evolution every position goes through as demands, expectations and technology change.

206 Acting Manager's Pay

Employees may, from time to time, be appointed by their Department Head as an Acting Manager (Acting Town Manager, Acting Chief, Acting Town Clerk, Acting Recreation Director, Acting Public Works Director, etc.). An employee is expected to temporarily fill a department manager's position for up to two weeks without additional remuneration. In the event that an employee is appointed to serve in the full capacity of their Department Head for more than two weeks, the employee shall be entitled to a level of pay at mid-point between their current level of pay and that of the department director for the period that they serve in that increased capacity.

207 Performance Evaluations

Each Department Head shall annually evaluate each regular full-time and regular part-time employee within his/her department to determine if the employee is performing his/her job satisfactorily. The performance evaluation shall also be used to establish a work plan for the coming year. The employee shall be given a copy of the performance appraisal form in advance of his/her meeting with the Department Head. The performance evaluation shall be discussed in detail with the employee and the employee shall be given an opportunity to participate fully in the performance evaluation, including the development of the work plan. A copy of the completed performance appraisal form shall be placed in the employee's personnel file. Failure of the Department Head to complete an annual performance appraisal for each employee may result in disciplinary action. Annual performance evaluations shall take place in the month of June.

208 Town Manager's Responsibility

It will be the responsibility of the Town Manager or his/her designee to design the performance evaluation forms and distribute the forms to the Department Heads. It will also be the Town Manager's or his/her designee's responsibility to complete annual performance evaluations of employees under the Town Manager's direct supervision. Employees may be requested to do a self-evaluation with annual goals.

209 Performance Appraisals

The purpose of the annual performance evaluation is to bring about good employee performance by identifying an employee's strengths, identifying areas in which the employee's performance is not satisfactory or needs to be improved, and generally providing the employee with feedback on his or her performance. In addition, the performance evaluation will be used as a tool to communicate performance goals set by management and to make certain that the employee's work plan accomplishes these goals.

The completed performance evaluation also directly forms the basis for Performance bonuses, and is also used as a criterion when considering promotions, disciplinary actions, rewards, training programs, or any other related personnel action.

210 Overtime

In an emergency or extenuating circumstances as defined by the Town Manager, Department Head, or appropriate designee, overtime work may be assigned in order to meet operational requirements. Employees may choose between paid overtime and compensatory time. Employees choosing paid overtime shall be paid at one and one half (1½) times their straight time hourly rate for hours worked beyond forty (40) for non-public safety personnel. Full-time public safety personnel have a base work week of forty two (42) hours and will be paid overtime after forty eight (48) hours have been worked. Paid on-call public safety personnel have a base work week of forty eight (48) hours and will be paid overtime in compliance with section 207(k) of the FLSA which states fire protection personnel are due overtime after fifty three (53) hours are worked in a seven day period.

Wages paid to full-time employees will be limited to the employees' normal work week and shall not be increased by utilization of other benefit time off, including vacation time, personal time, sick time, compensated time, bereavement, jury duty and emergency staff dismissals. Holiday time is the only exception. Holiday leave shall be counted toward Overtime pay. If a non-public safety employee is required to work on a scheduled holiday, time shall be paid a rate of two times (2x) their straight time

provided they have already reached regularly scheduled hours of forty 40 hours, and are required to continue working an uninterrupted normal work week. Full-time public safety personnel will be paid at their straight pay rate based on twelve (12) hour work day regardless of whether they have worked the day or not.

Example of Overtime Pay: Non public safety employees are scheduled to work a normal week of 40 hours: If they submitted on the payroll sheet for an eight (8) hour day of sick time and thirty five (35) hours of worked hours totaling forty three (43) hours, they would be paid thirty five (35) regular hours worked and five (5) hours of sick time (totaling forty (40) hours). The remaining three (3) hours of sick time submitted on the payroll sheet would not be debited against their accrued sick time. Public safety employees scheduled to work a normal week of forty two (42) hours: if they submitted on the payroll sheet for a twelve (12) hour day of sick time and thirty six (36) hours of worked hours (totaling forty eight (48) hours) they would be paid for their thirty six (36) worked hours and six (6) hours of sick time (totaling forty two (42) hours). The remaining six (6) hours of sick time that was submitted on the payroll sheet would not be debited against their accrued sick time. Employees will not be paid more than their normal hours unless they physically worked more than their normal hours for that week, except in the case of paid holidays.

The Town Manager is granted full authority over establishing and changing employees' schedules, work hours and overtime.

211 Compensatory Time

Non-exempt employees choosing paid compensatory time off shall earn such time at the rate of one and one half (1½) hours off for each hour worked. Use of said Compensatory time requires advance approval by the employee's Department Head, and may be denied if such time off would be significantly detrimental to departmental functioning. No employee may accumulate more than forty (40) hours of compensatory time at any time. Public Safety employees shall accumulate no more than forty-eight (48) hours. Compensatory time may be carried from year to year.

Exempt employees do not normally earn compensatory time. Exempt employees work based on their job, not the number of hours they put in. They may need to work nights, weekends or whatever the job entails over forty (40) hours a week without getting paid extra for this.

At the discretion of the Town Manager or his/her designee, additional earned time may be granted to exempt employees for special circumstances on an individual basis. This time must be requested and authorized in writing prior to use, and documented with the Payroll Clerk. In no event shall exempt employees accrue nor carry more than forty (40) hours of compensatory time (as above).

All earned compensatory time shall be paid to the employee upon separation from service. Payment shall be made at the employee's regular rate of pay as of the date of separation.

Employees and other individuals who work for the Town also are prohibited from reporting to work or working while they are using or under the influence of alcohol or any controlled substances, except when the use is pursuant to a licensed medical practitioner's instructions and the licensed medical practitioner authorized the employee or individual to report to work. Violation of this policy will result in disciplinary action, up to and including discharge. The Town maintains a policy of nondiscrimination and does not discriminate against individuals with a past history of illegal drug use. and those who have a medical history, which reflects treatment for substance abuse conditions. We encourage employees to seek assistance before their substance abuse or alcohol misuse renders them unable to perform the essential functions of their jobs, results in a violation of town policies, or jeopardizes the health and safety of any Town employee, including themselves.

503 Family Medical Leave

- **503.1 General:** As provided by the 1993 Family and Medical Leave Act (FMLA), all eligible employees shall be entitled to take up to 12 weeks of unpaid, job-protected leave during any 12 month period for specified family and medical reasons.
- **503.2** Covered Family and Medical Reasons: An eligible employee shall be entitled to 12 weeks of unpaid leave during a 12-month period for one or more of the following reasons:
 - * For the birth or care of the newborn child of the employee;
 - For the placement with the employee of a son or daughter for adoption or foster care;
 - To care for an immediate family member (spouse, domestic partner, child, or parent) with a serious health condition;
 - To take medical leave when the employee is unable to work because of a serious health condition;
 - A serious health condition, which shall be defined as an illness of a serious and long-term nature resulting in recurring or lengthy absences. Treatment of such an illness would occur in an inpatient situation at a hospital, hospice, or residential medical care facility, or would consist of continuing care provided by a licensed health care provider.
- **503.3 Employee Eligibility:** An employee shall be entitled to family leave when he/she meets the following criteria:
 - The employee has worked for at least 12 months for the Town. The twelve months need not have been consecutive.
 - The employee has to have worked for the employer for at least 1,250 hours over the 12 months before the leave would begin.
 - An employee who has worked less than 1,250 hours may be eligible for Family Medical Leave under Maine law, in which case the leave is limited to ten (10) weeks over a period of two years, and does not include employer-paid health insurance.
- **503.4 Calculation of Leave:** Eligible employees can use up to 12 weeks of leave during any 12-month period. The Town will use a rolling 12-month period measured backward from the date an employee uses any FMLA leave. Each time an employee uses leave, the Town computes the amount of leave the employee has taken under this policy, subtracts it from the 12 weeks, and the balance remaining is the amount the employee is entitled to take at that time. For example, if an employee has taken 5 weeks of leave in the past 12 months, he or she could take an additional 7 weeks under this policy.
- **503.5 Maintenance of Benefits:** An employee eligible under FMLA shall be entitled to maintain group health insurance coverage on the same basis as if he/she had continued to work for the Town. To maintain uninterrupted coverage, the employee will have to continue to pay his/her share of insurance premium payments. This payment shall be made either in person or by mail at the Town Office by the 21st day of each month. If the employee's payment is more than 30 days overdue, the Town will drop the coverage.

If the employee informs the Town that he/she does not intend to return to work at the end of the leave period, the Town's obligation to provide health benefits ends. If the employee chooses not to return to work for reasons other than a continued serious health condition, the Town will require

the employee to reimburse the Town the amount the Town contributed towards the employee's health insurance during the leave period.

If the employee contributes to a life insurance or disability plan, the Town will continue making payroll deductions while the employee is on paid leave. While the employee is on unpaid leave, the Town will request that the employee continue to make those payments, along with the health care payments. If the employee does not continue these payments, the Town will recover the payments at the end of the leave period, in a manner consistent with the law.

Vacation, sick leave and holidays will not accrue during the leave period consistent with the Town's benefits policy. However, the use of family or medical leave will not be considered a break in service when vesting or eligibility to participate in benefit programs is being determined.

- **503.6 Job Restoration:** An employee who utilizes family or medical leave under this policy will be restored to the same job or a job with equivalent status, pay, benefits and other employment terms in accordance with the act.
- **503.7** Use of Paid and Unpaid Leave: If an employee has any accrued paid leave (e.g., sick leave, vacation) the employee shall use all available paid leave time, which shall be considered Family Medical Leave, first before taking additional unpaid Family Medical Leave. If the employee still meets the eligibility requirements under the FMLA, Vacation and sick time will not continue to accrue, however, insurance, and retirement benefits will continue during that time.
- **503.8 Procedure for Requesting Leave:** All employees requesting leave under this policy must complete the Family / Medical leave form available from the Town Manager or his or her designee.

When an employee plans to take leave under this policy, the employee must give the town 30 days notice. If it is not possible to give 30 days' notice, the employee must give as much notice as is possible. An employee undergoing planned medical treatment is required to make a reasonable effort to schedule the treatment to minimize disruptions to the town's operations.

While on leave, employees will be requested to report, no less than bi-monthly to their Department Head regarding the status of the medical condition, and their intent to return to work.

503.9 Procedure for Notice and Certification of Serious Health Condition: On occasion, the Town may require the employee to provide notice of the need to utilize leave (where it is possible to know beforehand) and/or may require the employee to provide certification of an employee's or immediate family member's serious health condition by a qualified healthcare provider. The employee should try to respond to such a request within 10 days of the request, or provide a reasonable explanation for the delay.

Qualified health care providers include: doctors of medicine or osteopathy, podiatrists, dentists, clinical psychologists, optometrists, and chiropractors, nurse practitioners and nurse-midwives authorized to practice under State law and performing within the scope of their practice under State law.

When seeking certification of a serious medical condition, an employee should ensure that the certification form (Form WH-381) contains the following:

- Date when the condition began; expected duration; diagnosis; and a brief statement of treatment.
- If an employee is seeking medical leave for his/her own medical condition, certification should also include a statement that the employee is unable to perform the essential functions of the employee's position.
- For a seriously ill family member, the certification should include a statement that the patient requires assistance and that the employee's presence would be beneficial or desirable.
- If taking intermittent leave or working a reduced schedule, certification should include dates and duration of treatment and a statement of medical necessity for taking intermittent leave or working a reduced schedule.
- If deemed necessary, the Town may ask for a second opinion. The Town will pay for the employee to get a certification from a second doctor, which the Town will select. If there is a conflict between the original certification and the second opinion, the Town may require the opinion of a third doctor. The Town and the employee will jointly select the third doctor, and the Town will pay for the opinion. The third opinion will be considered final.

Section 504 Hostile Work Environment

In general, municipal employees are not required to remain in a hostile work environment. Employees who feel they are in a threatening situation, or a situation in which sexually explicit or foul language is being directed at them, or similar circumstances, should declare themselves to feel that it is becoming a hostile environment and request the offender to cease the offending behavior immediately. If the offender does not stop the hostile behavior, the employee is within their rights to remove themselves from the area, and immediately notify their Department Head of the circumstances and the decision to declare a hostile work environment.

Under no circumstances is an employee permitted to return the hostile behaviors to the offending party (push them, threaten, swear at them, etc.). Employees should tell the party that they are being overly hostile, and that the employee will be leaving if they do not stop. The employee should instruct the person as to whom there Department Head is, and ask them to take up the matter with the Department Head, and then politely leave the scene.

Subject: Heart of Poland Easement - Laliberte Encroachment

Hi Brad,

I wanted to share some additional information regarding the encroachment from the Laliberte lot on Hilt Hollow Road into the Heart of Poland property. We were out on the property on 11/16 conducting the Baseline Documentation Report and it was clear, after the recent survey work, that the trailer, fire pit, and small shed were encroaching across the boundary line into the town property. I have attached a few photos we took that day, you can see the pink flagging is the boundary line.

Our attorney advised us that we should not accept the conservation easement until this encroachment is cleared up. Fred, Barry and the entire Conservation Commission has been very responsive in addressing the problem and once the structures are moved that will be one of the final steps before the easement can be signed.

Let me know if you have an questions or would like any additional information.

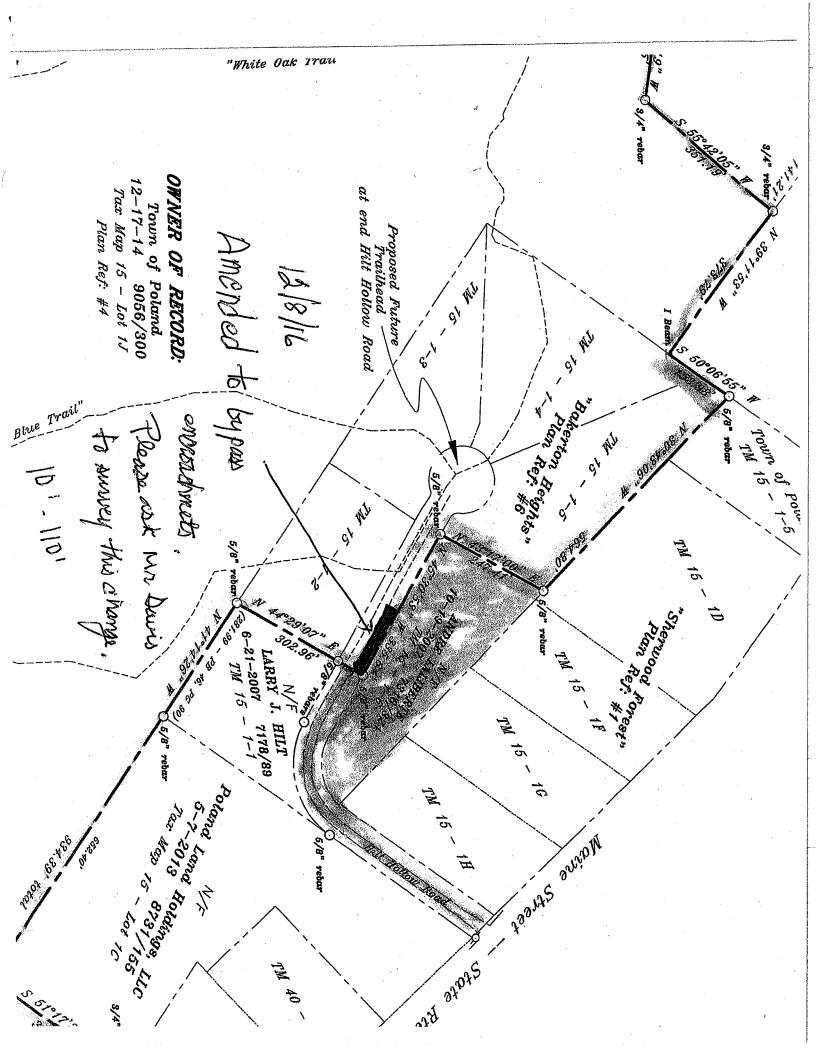

Thanks!

RE:

Charter Article

By your order dated December 6, 2016 and State Statute you must put forth an order for the following article to be included in the 2017 Town Meeting Warrant Articles with said meeting to be held on Saturday, April 1, 2017.

Shall a Charter Commission be established for the purpose of amending the Municipal Charter?

TOWN OF POLAND CEMETERY COMMITTEE

Selectmen to appoint 3 residents of Poland to a Committee to inspect all old cemeteries in Poland owned by the town or which the town is legally obligated to maintain.

Said Committee to inspect these cemeteries and file a written report to the selectmen in April and October stating the condition of said cemeteries and making recommendations for proper maintenance of grave markers, trees and shrubs, grass and fences to comply with the requirements of LD 274 passed by the Maine Legislature in 2013.

Saviello: 'Buck it up' and take care of veterans' graves

By Lynne Schmidt

BUCKFIELD — A law passed in July to preserve the grounds where veterans are buried is slated to take effect in October and is stirring up financial worry within the

The law - LD 274 - has several stipulations: That veteran grave sites must remain level or be regraded if the site has sunk three or more inches compared to surrounding ground.

The headstones or markers must be maintained in the proper height and orientation.

The inscription on headstones or markers must be visible and legible.

The grass at the site may be between 1.5 to 2.5 inches but not more than three inches.

Flat grave markers must remain free of grass and the house chamber came from debris.

The burial place must remain free of fallen trees, branches, vines and weeds.

The requirements are to be met from May 1 to Sept. 30 of each year.

During the Aug. 6 Selectmen's meeting, the issues were raised by the town manager and selectmen.

"It doesn't say if it's requested, it says you will do it for any veteran's grave anywhere in any town, and they didn't give the town any money to do this," Town Manager Dana Lee told the board.

Lee, an Army veteran from 1980-1982, explained that the veterans in question need not be combat veterans, just any-

one who has served in the the costs for every municipaliarmed forces. Lee also expressed that the town was established in 1793 and as such, the town may face more than \$20,000-\$25,000 worth of stones to repair.

An issue that Selectman Cheryl Coffman brought up was that if the law includes all veterans, combat or not, does the town have a way of knowing who those people are?

Talk of trying to form a committee or ask for volunteers to keep up with the mandate were discussed, but officials were unsure how to pay for it.

In a follow up, Lee stated, "Very few, if any, Maine towns can afford another unfunded mandate despite the underlying good the law seeks to accomplish."

The only opposing vote in State Rep. Terry M. Hayes (D-Buckfield). "It's an unfunded mandate on the municipalities across the state...It's a timing issue," she said.

"I know there will be folks who will want to paint me as an unpatriotic veteran hater. I am not. I still appreciate those who have served on our behalf, it's just the ratcheting up the expenses for towns across the state in a time when the state is cutting the revenues. I don't know how they expect to pay for this," Hayes stated.

Hayes implied that Buckfield has seven cemeteries that are the town's responsibilities. She worries that the the stone work will drive up See GRAVES 54

ty in Maine. She also suggested that this fiscal year will not see much of a difference as the change will not take effect until May 2014, but come fiscal year 2015 and onward, the towns will start to see the effects and have to budget accordingly.

State Sen. Tom Saviello (R-District 18) who proposed the bill stated, "...I'm very supportive of veterans. Without them and what they've done for this country, I wouldn't be sitting in (the) Maine State Legislature. We need to honor them. The way the law was in the past, it was only war veterans that we had to take care of in old cemeteries. This expands it to all veterans, because their chance in the service just by happenstance they weren't in a worse situation, they well could have been. They signed their check at the bottom of their personal life saying 'You know if you need me, you got me.'"

When asked how he expects towns to pay for the unfunded mandate, Saviello answered, "I don't have much sympathy when they tell me they can't find the money.'

Šaviello also spoke of a selectmen who had reservations of LD 274 from another town and said, "Buck it up, Buddy. Buck it up and take care of them.'

Saviello said that if a town cannot figuré out whose grave it is because the marker has been rubbed away, then the least the town can do is place a

flag to honor the veteran. He said he does not know what the penalties will be if the law is not kept up.

Hayes also suggested that the penalties are unclear.

Saviello is also a selectman in Wilton, which he says contains 22 small cemeteries with veterans interred. "I'm going to sit there and I'm going to figure out a way to fund the thing. I mean if I have to, I'll have a bake sale. Tell the gentleman in Buckfield to have a bake sale," he said.

"To say 'I don't have the money', I don't buy that as an excuse. If I can't find the grave, if I can't find the cemetery, if I can't find out who it is, that's a legitimate excuse. But to tell me you can't take care of it, that falls on deaf ears for me," Saviello continued.
