PUBLIC INPUT SESSION No one from the public participated.

MINUTES

March 17, 2021 Norm Davis proposed, Stan Tetenman seconded, approved 5-0

COMMUNICATIONS

OLD BUSINESS

Draft Housing. Question was asked – could we see what the affordability rate is for surrounding municipalities?

Draft Population. We are using U.S. Census data throughout the plan. We believe the new Census will be available late this summer. Can we get some advance data to use? In some places we are using data from the 2010 Census.

Draft Economy. We need to fill in several blanks in table, not only in this section, but in the others as well.

NEW BUSINESS

Comprehensive Plan Survey Results. The committee felt the responses were generally supportive of the vision. We discussed how we could get in person input. Several suggestions were made – providing coffee and donuts in a tent in the municipal parking lot on a Saturday or some other means of making it easy for residents to provide some input. We agreed to discuss this in more detail at next month's meeting.

ANY OTHER BUSINESS
