 - **5.** Conflicts of Interest the Board shall consider all possible conflicts of interest as described in the following section of this policy.

IV. CONFLICTS OF INTEREST - As a general rule, a conflict of interest occurs when an official has a pecuniary (i.e., financial) interest in a matter of official business.

A. Existence of Any Conflicts

1. Business Interests

- a. <u>Statutory Test</u> 30-A M.R.S.A. § 2605 provides that a decision can be voided if any voting official has a "direct or indirect pecuniary interest" in the vote, which means a 10% or more interest in an affected business as an officer, director, partner, association, employee or stockholder, or direct or indirect ownership of at least 10% of the stock of the private corporation. To avoid the conflict, the interested Board member must (1) make full disclosure of the interest before any action is taken; (2) abstain from voting; and (3) otherwise refrain from or negotiating the subject contract or attempting to influence the Board's decision. The Recording Secretary shall keep a record of any such disclosure and abstention from voting.
- b. <u>Case Law Test</u> The conflict of interest standard in case law is broader, providing generally that the question is whether the official, by reasons of his/her personal interest, is "placed in a situation of temptation to serve his own personal interests to the prejudice of the interests of those for whom the law authorized and required him to act". Thus even if a Town official does not meet the statutory test for conflict of interest, he/she could still be considered to have a conflict of interest under the broader case law standard.
- 2. Charter Provisions on Conflicts Section 10.3 of the Town Charter expands upon the state statutory provisions discussed above regarding what constitutes a prohibited conflict of interest in a governmental action. The Charter prohibits action when an elected or appointed officer, official, employee or spouse of any such person has a substantial financial interest, direct or indirect in "any contract with the Town or in the purchase of or sale of any land, material, supplies, or service to the Town or to a contractor supplying the Town." Any board or committee can also recuse a member by a majority vote of the remaining members of the board or committee who are present and voting at the meeting.
- 3. Appearance of Conflict of Interest Even when a Town official's conduct is not specifically prohibited by law, competing interests and personal relationships could create an appearance of wrongdoing that could undermine the public trust in the integrity and impartiality of local government. 30-A M.R.S.A. § 2605 addresses this issue by providing that Town officials shall "attempt to avoid the appearance of a conflict of interest by disclosure or by abstention."

B. Employee/Familial Disqualifications

1. Prohibited Appointments/Employment - 30-A M.R.S.A. § 2606 provides that a selectperson may not be appointed to or employed in any civil office of profit or employment position of the Town that was created, or the compensation of which was increased, by the action of the selectperson during that selectperson's term. This prohibition extends through the selectman's full term plus one calendar year thereafter.

- 2. Prohibition against Town Employee or Family Serving as Town Official Under Town Charter Sections 10.4 and 10.5, neither a Town employee nor any member of his/her immediate family may hold an elected or appointed board position that could influence the employee's employment, compensation or benefits directly or indirectly. An employee's immediate family is defined as: spouse, domestic partner, and the employee's spouses or domestic partner's great-grandparent, grandparent, parent, siblings, child, grandchild, or great-grandchild, step-parent, and step-child; the spouses or domestic partners of any of the people listed are also included, as are individuals for whom the employee is the current legal guardian.
- Prohibition against Immediate Family Serving on Same Board Under Town Charter Section 10.4, no two members of the same immediate family may serve on the same elected body.
- **4.** <u>Nepotism</u> Under Town Charter Section 10.5, no officer, official or employee of the Town shall solicit a position of employment for an immediate family member or relative.
- **C.** <u>Incompatibility of Office</u> Offices may be incompatible even if they are not specifically listed as such in state statute. If the duties of one office provide a check on the duties of another, or if one office could oversee, review, or supervise the work of the other, then the two offices should not be held simultaneously by the same person. Two offices are incompatible when the holder cannot in every instance discharge the duties of each.
 - 1. <u>Examine Other Offices Held</u> Incompatibility generally exists where two municipal offices, which are separated vertically in terms of authority, may be required to perform the same function, or authorize its performance.

2. Statutory Incompatibility

- a. A Town Manager may not serve as Moderator, Selectperson, Assessor or member of the school committee (30-A M.R.S.A. § 2632);
- Treasurers and Tax Collectors may not simultaneously serve as either Selectperson or Assessor (30-A M.R.S.A. § 2526);
- c. A County Commissioner may not simultaneously serve as either Selectperson or Assessor (30-A M.R.S.A. § 52); and
- d. Neither a municipal officer nor his or her spouse may simultaneously serve as a Board of Appeals Member or Associate (30-A M.R.S.A. § 2691).
- D. <u>Bias</u> A Board's quasi-judicial functions must be performed by municipal officials capable of being impartial decision-makers who are entirely objective and disinterested as to the outcome of the proceeding. Aside from financial bias covered in section IV.A.1, the following two areas of bias shall be considered.
 - 1. <u>Familial Bias</u> 1 M.R.S.A. § 71(6) provides that when an official is acting as a quasijudicial officer to decide on a matter involving a relative by blood or marriage who is a second cousin or more closely related, or within the 6th degree of relationship by

- consanguinity or of affinity according to the civil law, the official must abstain from taking action in the case or get written consent from all of the parties involved.
- **2.** Other Bias A municipal official must step down as a quasi-judicial officer when he or she is sufficiently biased that he or she cannot fairly and impartially review the application.

101 Welcome

Welcome to public service with the Town of Poland. You have been selected to work with the Town as a result of your knowledge, experience and training in your chosen field. You are joining other dedicated employees who are providing consistently high levels of service to Town residents and taxpayers. It is critical to remember that with our mission of service to the public, we must continually strive for the highest levels of effort, performance and conduct.

Town employees form the core of the organization and are its most important resources. Accordingly, the Personnel Policy has been prepared and provided to guide you and your fellow employees in your daily activities, including your responsibilities, rights and benefits as a Town of Poland employee. Your careful attention to this document will help to provide you with a rewarding and satisfying career in Town service.

102 Purpose

The purpose of the Personnel Policy is to establish and set forth a uniform and equitable system of personnel administration generally governing employment with the Town of Poland. This policy applies to all positions not covered by collective bargaining agreements. This policy will supersede any previously existing personnel policy and take effect on 4 January 2017. May 7, 2024

103 Disclaimer

This personnel policy sets forth some of the general procedures and policies currently in effect at the Town of Poland. Personnel policies and benefits by their nature are constantly under review as they are affected by changes in applicable law, regulations, economic conditions, and the way the Town does business. The Board of Selectpersons therefore necessarily reserves the right to change provisions of this manual with reasonable notice when it deems the change to be in the best interest of the Town and its personnel. Neither this agreement nor any of its provisions are intended to be part of a contract between the Town and any employee, and this personnel policy does not constitute a written contract of employment with any individual or a promise or assurance of continued employment to any individual. The Town Manager has the authority to make exceptions to these policies when necessary for the good of the Town and in the exercise of his authority under Section 302 and other provisions of the Poland Town Charter.

104 Application of Rules and Regulations

This policy governs the relationship between the Town and its employees who are not covered by a collective bargaining agreement, should one come into being. Standardized forms, definition of terms and procedures, as well as certain legal mandates such as equal employment opportunity, Workers' Compensation, Unemployment Compensation, and safety requirements, are intended to apply to all employees, unless those terms are covered by a collective bargaining agreement. Under no circumstances shall any provisions relating to wages or benefits in these policies apply to any employee covered by a collective bargaining agreement. Terms not defined within this policy shall be construed to have the meaning found within a standard dictionary.

105 Goal of Personnel Management

The goal of personnel management in the Town of Poland is to:

 Provide effectiveness, economy, and productivity in delivering services to the citizens of Poland;

- Encourage a commitment to professional excellence in serving the public and continue the professional development and upgrading of employee skills;
- Provide reasonable assurances that the duties and responsibilities of employees and the Town alike are respected;
- Afford reasonable treatment to all individuals desiring to enter Town service and whenever possible to provide opportunity for advancement in Town service on the basis of skill, effort and performance, as determined through competitive process;
- Provide that employees are treated reasonably according to these policies in all personnel processes;
- Expect that employees shall use their best efforts to fulfill their obligations to the Town and its citizens.

106 Non-Discrimination

The Town shall administer and implement these policies in a manner that shall not discriminate unlawfully against any person because of race, color, religion, sex, national origin, age, sexual orientation or physical or mental disability.

107 Americans with Disabilities Act (ADA)

The Town of Poland is committed to providing accommodations to allow individuals with known disabilities who are otherwise qualified to perform the essential functions of the job as defined by federal and state law under applicable laws and regulations. The municipality's intent is to ensure that every request for an accommodation, due to disability, is promptly and properly reviewed. Poland is committed to following the requirements of the ADA and all appropriate federal and/or state laws, rules and regulations.

All requests for accommodations are to be directed by the employee or Department Head to the Town Manager for consideration and review. The review of the request may include an informal meeting and may include an evaluation and determination of the scope of the disability and, if appropriate, requests for medical documentation, examinations and/or opinions.

107.1 The employee or the employee's Department Head shall contact the Town Manager for assistance in requesting an accommodation. No department or individual may grant any accommodation, except on a short term or emergency basis, without first receiving approval of the Town Manager. If an employee's Department Head makes the request for accommodation on behalf of the employee, the employee must then work with the Town Manager directly. Only that information absolutely necessary shall be shared with the employee's Department Head. The employee's Department Head should not act as an advocate or surrogate for the employee. The Town Manager shall work with the employee in completing the ADA process in a timely and efficient manner.

107.2 Any information submitted shall be considered confidential and may be shared only with those who have a need to know in accordance with federal and/or state law. The Town Manager shall make the determination of the need to know in consultation with the applicable department.

- If the nature and extent of the disability, and need for accommodation is not obvious, the Town
 may require the employee to present documentation from a health professional concerning the
 nature of the disability, its functional limitations relevant to the employee's job duties, and the
 need for reasonable accommodation.
- The employee shall be responsible for the expenses of providing documentation from his or her health professional, which may include the costs of necessary medical examinations needed to render a medical decision. If, upon review, the Town Manager determines that an additional medical opinion is necessary, the Town shall be responsible for the additional costs.
- Failure to provide necessary medical documentation, and/or failure to submit to an independent medical examination may, result in denial of any request(s) for accommodation(s).
- **107.3** The Town Manager, after consultation and discussion with the employee, must make the following necessary determinations for each ADA accommodation request:
 - Establishing the existence of a disability. If this is not apparent, it may require proof of actual diagnosis by an appropriate medical care professional, with appropriate documentation supporting the diagnosis.
 - Whether, and to what extent the disability affects the ability of the employee to perform an essential function(s) of the employee's position.
 - The job's function(s) that the disability impacts.
 - The type of accommodation(s) that would be necessary.
 - Whether the needed accommodation would be reasonable within the meaning of the law.
- **107.4** The Town Manager shall implement the decision through appropriate municipal procedures if the employee is to be accommodated.
- **107.5** The Town Manager shall issue a written response within a reasonable time after the request for accommodation. A reasonable time is necessarily flexible, taking into consideration such factors as the complexity of the request, cooperation of the employee, any need(s) for additional medical examinations and/or opinions, and so forth.

108 Employee Recommendations

Suggestions for ways to improve Town services are encouraged. Employees may submit written recommendations to their Department Head or the Town Manager as appropriate.

109 Equal Employment Opportunity/Affirmative Action

The Town of Poland is committed to compliance with the Equal Employment Opportunity Act and the Affirmative Action plan as voluntarily adopted by the Town of Poland.

110 Employee Expectations

110.1 Attendance and Punctuality: The Town of Poland expects employees to be reliable and punctual in reporting for scheduled work. In the rare instances when employees cannot avoid being

late to work or are unable to work as scheduled, they should notify their Department Head as soon as possible in advance of the anticipated tardiness or absence. Poor attendance or excessive tardiness may lead to disciplinary action, up to and including termination of employment.

- **110.2 Courtesy and Professionalism:** The employees of the Town are public servants and the citizens must be treated with courtesy and consideration. Every employee should remember that he or she might be the only contact a citizen has with his or her local government. The impression that the employee makes will determine for a long time to come what the citizen thinks of our Town Government. Failure of an employee to act with reasonable courtesy may result in disciplinary action. Employees are expected to practice a high level of personal hygiene, dress appropriately and conduct themselves with a professional demeanor.
- **110.3 Response Time Requirement:** The Town Manager may require that new employees reside within a thirty (30) minute response time, if the Town Manager determines that requiring such response time promotes the public health and safety or improves the administration of Town government. Such findings must be included in the job posting for the specific position.
- **110.4 Chain of Command:** When you take a municipal job, you are buying into a formal structure of communication and supervision; you cannot change from "citizen hat" to "town employee hat" as a defense for such an "end-run" of those communication supervisory chains of command.
- **110.5 Mandatory Training:** Every municipal employee, regardless of their employment classification is required to participate in annual trainings determined by Town administration as recommended by the Maine Bureau of Labor Standards (MBLS) and Occupational Safety and Health Administration (OSHA). These annual trainings, conducted by the Poland Safety Committee each December, are to educate the employees of the safety policies and procedures adopted by the Town. Participation is a required condition of employment and employees who do not complete the requirement by January 31st immediately following the December annual training may be subject to termination.

Each municipal department may also have mandatory trainings, certification or licensures specific to that department. Employees who do not maintain current required trainings, certifications or licensures may be subject to termination.

111 Recruitment and Promotion

Current employees are encouraged to apply for any position for which they may be qualified and will be given preference among applicants the Town considers equally qualified for the position. helpowever, the Town shall not be required to promote an existing employee if in the sole judgment of the appointing authority an outside candidate is more qualified.

112 Job Descriptions

A job description will be prepared for each position. The job description will outline the duties, responsibilities, knowledge, and skill level requirements of the position. Each employee will receive a copy of his or her job description when hired. Each job description should be reviewed periodically as part of the performance appraisal evaluation process and if necessary revised to reflect changes in the employee's duties and responsibilities.

113 Anniversary Date / Employment Date

For administrative simplicity, the employee's hire date will be their anniversary date for determining sick leave and vacation accruals.

- **113.1 Years of Employment Service:** Only those years of service where an employee was receiving at least partial benefits under this policy (vacation, sick leave, holidays, etc.) shall count toward an employee's overall years of service.
- **113.2 Break in Employment Service:** A break in employment service occurs whenever an employee voluntarily leaves the town's employment for a period of more than 180 days or when discharged from employment for any amount of time for disciplinary reasons. Participation under approved Family & Medical Leave Act, Jury Duty, Maternity Leave, and involuntary Military Duty would not be classified as a break in employment service.

114 Record Keeping

Accurately recording time worked is the responsibility of every hourly employee. Federal and State laws require the Town of Poland to keep an accurate record of time worked in order to calculate employee pay and benefits. Time worked is the time actually spent on the job performing assigned duties.

Each full-time employee is entitled to one, thirty-minute (30) break period and one fifteen-minute (15) break period during any shift of eight hours. It will be up to the discretion of the Department Head or Manager to schedule appropriate break times within each department to coincide with the required workday. Employees with shifts longer than eight hours are entitled to break times in accordance with State law.

Non-exempt employees should accurately record the time they begin and end their work, as well as the beginning and ending time of each break period. They shall also record the beginning and ending time of any split shift or departure from work for personal reasons. Failure to document said breaks on an employee's timecard is the responsibility of the employee and in no event, shall failure to take breaks or document breaks result in a liability to the employer. There is a presumption of breaks being made available to employees, even if not noted on the timecards.

The appropriate Department Head must always approve overtime for non-exempt employees before the work is performed.

Altering, falsifying, tampering with time records, or recording time improperly may result in disciplinary action, up to and including termination of employment.

The Department Head will review and approve all-time records before submitting it for payroll processing. The Town Manager shall also review and approve all payroll time records.

115 Payroll Direct Deposit

It is the fiscal policy of the Town of Poland that all regular full time and part time employees paid by the Town's payroll system are required to use direct deposit to receive payroll-related payments (existing employees who are paid by check may be grandfathered). In accordance with federal requirements regarding direct deposit of payroll, the employee may select the financial institution(s) of his/her choice to accommodate the receipt of direct deposit payments. Employees should contact the Finance Office for additional information on or any changes to their direct deposit. If the employee is unable to comply they may go to the Town Manager and ask for an exception to policy.

1156 Personnel Files / Records

The Town Manager and/or his/her designee are responsible for creating and maintaining centralized personnel files for all employees. The Town Manager and/or his/her designee will also retain files concerning applicants for Town positions and personnel files of former employees. Personnel files should include such records and information to document the employee's personnel actions during his/her employment with the Town.

Employee personnel files are considered confidential documents. Only those persons with the right to know or the need to know may have access to the personnel files. Any employee has the right to inspect his/her personnel file or to receive copies of his/her own file. Requests to view or inspect centralized personnel files should be made in advance to the Town Manager in writing.

1167 Termination of Employment

An employee shall provide at least two (2) weeks written notice to the Department Head and/or Town Manager, of their effective date of resignation in order to be deemed having "resigned in good standing". The Town Manager at his/her sole discretion may waive any or all of this notification period. Employees are encouraged to give as much advance notice as possible to assist in a smooth replacement procedure.

Prior to termination the employee shall be offered an opportunity to meet with the Town Manager to execute an exit interview.

Employees, who anticipate retiring from the Town of Poland, should contact the Town Manager within six (6) months of the scheduled retirement date to provide an easy transition.

At the discretion of the Town Manager, when deemed in the best, long-term cost interest of the Town may negotiate a severance package for an employee who is asked to resign.

The Town Manager has the authority to terminate the employment of any Town employee when necessary for the good of the Town, and nothing in this section or in this personnel policy shall be deemed to modify or limit the authority of the Town Manager under the requirements of Maine state law (just cause/due process).

1178 Secondary Employment

Any full-time employee who engages in secondary employment shall notify his/her Department Head. Department Heads will then notify the Town Manager. The Town Manager will determine whether an employee's secondary employment presents a conflict with his or her duties to the Town.

1189 Hiring of Relatives

The employment of relatives in the same department of an organization may cause serious conflicts and problems with favoritism and employee morale. In addition to claims of partiality in treatment at work, personal conflicts from outside the work environment can be carried into day-to-day working relationships. The hiring of relatives of elected and other employees is detailed in Chapter X, Section 10.4 of the Poland Town Charter.

11920 Workplace Threats and Violence

The safety and security of the employees of Poland, as well as the public who conduct business in the various municipal buildings, is of paramount importance to the Town. Therefore, threats,

threatening behavior, or acts of violence against an employee, visitor, guests, or other individuals by anyone on Town property will not be tolerated. Violations of this policy will lead to disciplinary action, which may include dismissal, arrest, and prosecution.

Any person who makes unlawful threats, exhibits threatening behavior, or engages in violent acts on Town property shall be removed from the premises as quickly as safety permits, and shall remain off Town premises pending the outcome of an investigation. The Town will initiate an appropriate response that may include, but is not limited to, suspension and/or termination of employment, and/or criminal complaint against the person or persons involved.

All Town personnel are responsible for notifying his/her Department Head, Town Manager, or the Sheriff's Department of any threats that he/she has witnessed, received, or has been told that another person has witnessed or received in connection with the person's job duties. Even without an actual threat, personnel should also report any behavior witnessed which they regard as threatening or violent when the behavior is job related or might be carried out on a Town-owned site or is connected to Town employment.

1230 Employee Classifications

1230.1 Full-time Employees: Full-time employees are defined as those employees who have successfully completed a probationary period and are regularly scheduled to work at least 35 hours each week on a year-round basis. Full-time employees are eligible for all benefits offered by the Town of Poland.

Full-time firefighters have a base work week of forty-two (42) hours and work on a 28 day pay period. That means, they work three weeks of 48 hours and one week of 24 hours, with the average number of hours worked each week over the 28-day cycle being 42 hours. Therefore, full-time firefighters are paid 42 hours of straight-time each week. Overtime will be paid for hours worked in excess of 48 hours in any one week.

- **1230.2 Regular Part-time Employees:** Regular part-time employees are defined as those employees who have successfully completed a probationary period and who are scheduled to work an average of between 20 and 34 hours per week on a year-round, fixed-schedule basis. Regular part-time employees are subject to appointment and removal by the Town Manager. Regular part-time employees are entitled to a pro-rated amount of the normal vacation, holidays, sick leave and bereavement leave, but not personal days or health insurance received by full-time employees, unless otherwise mandated by law.
- **1230.3 Part-time Employees**: Part-time employees are defined as those employees who are scheduled to work less than 20 hours per week on a year-round basis, fixed or unfixed schedule. Part-time employees are not entitled to any employee benefits, except those mandated by law.
- **1230.4 Contract / Subcontract Employee**: Contract/Subcontract employment is employment under a written personal services contract between the Town and an individual and is subject to and governed by the terms of that agreement.

Medical certification of the illness or injury must be provided to the Department Head and Town Manager or their designee. This is a volunteer donation program. There is no limit on the amount of accrued time that may be donated and the donor agrees, by formal written request, to give their accrued hours, dollar for dollar, to a certain employee named on the request form. 503318 Family Medical Leave

503<u>318</u>**.1 General:** As provided by the 1993 Family and Medical Leave Act (FMLA), all eligible employees shall be entitled to take up to 12 weeks of unpaid, job-protected leave during any 12-month period for specified family and medical reasons.

<u>318.2</u> Covered Family and Medical Reasons: An eligible employee shall be entitled to 12 weeks of unpaid leave during a 12-month period for one or more of the following reasons:

- *—For the birth or care of the newborn child of the employee or their domestic partner within one year of birth;
- For the placement with the employee <u>or their domestic partner</u> of a son or daughter for adoption or foster care <u>within one year of placement</u>;
- To care for an immediate family member (spouse, domestic partner, child, or parent) with a serious health condition;
- To take medical leave when the employee is unable to work because of a serious health condition;
- Military Family Leave
 - <u>Because of a qualifying reason arising out of the covered active duty status of a military member who is the employee's spouse, son, daughter, or parent (qualifying exigency leave)</u>
 - To care for a covered servicemember with a serious injury or illness when the employee is the spouse, son, daughter, parent, or next of kin of the covered servicemember (military caregiver leave)
- A serious health condition, which shall be defined as an illness of a serious and long-term nature resulting in recurring or lengthy absences. Treatment of such an illness would occur in an

inpatient situation at a hospital, hospice, or residential medical care facility, or would consist of continuing care provided by a licensed health care provider.

503.3318.3 **Employee Eligibility:** An employee shall be entitled to family leave when he/she meets the following criteria:

- The employee has worked for at least 12 months for the Town. The twelve months need not have been consecutive.
- The employee has to have worked for the employer for at least 1,250 hours over the 12 months before the leave would begin.
- An employee who has worked less than 1,250 hours may be eligible for Family Medical Leave under Maine law, in which case the leave is limited to ten (10) weeks over a period of two years and does not include employer-paid health insurance.

503.4318.4 Calculation of Leave: Eligible employees can use up to 12 weeks of leave during any 12-month period. The Town will use a rolling 12-month period measured backward from the date an employee uses any FMLA leave. Each time an employee uses leave, the Town computes the amount of leave the employee has taken under this policy, subtracts it from the 12 weeks, and the balance remaining is the amount the employee is entitled to take at that time. For example, if an employee has taken 5 weeks of leave in the past 12 months, he or she could take an additional 7 weeks under this policy. For military leave, an eligible employee can use up to 12 weeks of leave for certain qualifying exigencies arising out of a covered military member's active duty status, or notification of an impending call or order to active duty status, in support of a contingency operation; and up to 26 weeks of leave in a single 12-month period to care for a covered service member recovering from a serious injury or illness incurred in the line of duty on active duty. Eligible employees are entitled to a combined total of up to 26 weeks of all types of FMLA leave during the single 12-month period.

503.5318.5 **Maintenance of Benefits:** An employee eligible under FMLA shall be entitled to maintain group health insurance coverage on the same basis as if he/she had continued to work for the Town. To maintain uninterrupted coverage, the employee will have to continue to pay his/her share of insurance premium payments. This payment shall be made either in person or by mail at the Town Office by the 21st day of each month. If the employee's payment is more than 30 days overdue, the Town will drop the coverage.

If the employee informs the Town that he/she does not intend to return to work at the end of the leave period, the Town's obligation to provide health benefits ends. If the employee chooses not to return to work for reasons other than a continued serious health condition, the Town will require the employee to reimburse the Town the amount the Town contributed towards the employee's health insurance during the leave period.

If the employee contributes to a life insurance or disability plan, the Town will continue making payroll deductions while the employee is on paid leave. While the employee is on unpaid leave, the Town will request that the employee continue to make those payments, along with the health care payments. If the employee does not continue these payments, the Town will recover the payments at the end of the leave period, in a manner consistent with the law.

Vacation, sick leave and holidays will not accrue during the leave period consistent with the Town's benefits policy. However, the use of family or medical leave will not be considered a break in service when vesting or eligibility to participate in benefit programs is being determined.

<u>318.6</u> **Job Restoration:** An employee who utilizes family or medical leave under this policy will be restored to the same job or a job with equivalent status, pay, benefits and other employment terms in accordance with the act.

503.7318.7 Use of Paid and Unpaid Leave: If an employee has any accrued paid leave (e.g., sick leave, vacation) the employee shall use all available paid leave time, which shall be considered Family Medical Leave, first before taking additional unpaid Family Medical Leave. If the employee still meets the eligibility requirements under the FMLA, Vacation and sick leave_will not continue to accrue, however, insurance, and retirement benefits will continue during that time.

503.8318.8 **Procedure for Requesting Leave:** - All employees requesting leave under this policy must complete the Family—_Medical leave form available from the Town Manager or his/her designee.

When an employee plans to take leave under this policy, the employee must give the town 30 days' notice. If it is not possible to give 30 days' notice, the employee must give as much notice as is possible. An employee undergoing planned medical treatment is required to make a reasonable effort to schedule the treatment to minimize disruptions to the town's operations.

While on leave, employees will be requested to report, no less than bi-monthly to their Department Head regarding the status of the medical condition, and their intent to return to work.

<u>318.9</u> Procedure for Notice and Certification of Serious Health Condition: On occasion, the Town may require the employee to provide notice of the need to utilize leave (where it is possible to know beforehand) and/or may require the employee to provide certification of an employee's or immediate family member's serious health condition by a qualified healthcare provider. The employee should try to respond to such a request within 10 days of the request or provide a reasonable explanation for the delay.

Qualified health care providers include: Doctor of Medicine or osteopathy, podiatrists, dentists, clinical psychologists, optometrists, and chiropractors, nurse practitioners and nurse-midwives authorized to practice under State law and performing within the scope of their practice under State law.

When seeking certification of a serious medical condition, an employee should ensure that the certification form (Form WH-381) contains the following:

- Date when the condition began; expected duration; diagnosis; and a brief statement of treatment.
- If an employee is seeking medical leave for his/her own medical condition, certification should also include a statement that the employee is unable to perform the essential functions of the employee's position.
- For a seriously ill family member, the certification should include a statement that the patient requires assistance and that the employee's presence would be beneficial or desirable.

- If taking intermittent leave or working a reduced schedule, certification should include dates and duration of treatment and a statement of medical necessity for taking intermittent leave or working a reduced schedule.
- If deemed necessary, the Town may ask for a second opinion. The Town will pay for the
 employee to get a certification from a second doctor, which the Town will select. If there is a
 conflict between the original certification and the second opinion, the Town may require the
 opinion of a third doctor. The Town and the employee will jointly select the third doctor, and
 the Town will pay for the opinion. The third opinion will be considered final.

316319 Personal Leave of Absence

Employees may, with the written approval of the Town Manager, be granted a personal leave of absence without compensation for a period of time not to exceed sixty (60) days. Such leaves may only be granted when the Town Manager determines that, because of the past record of the employee, or because of the purposes for which the leave is requested, that the best interests of the Town are served by granting the leave. A leave of absence will not be granted for employment elsewhere, except when in the best interests of the Town. During such a leave, the employee shall not accrue any benefits; will be required to defray the entire cost of insurance premiums and will relinquish any claim to time in service that would have been earned during the length of the absence.

discipline in every case. The Town Manager shall be made aware of any action initiated as outlined in the disciplinary process sections of this policy.

403 Informal Procedure

Every effort shall be made to resolve a pending grievance through the informal process, with the Department Head prior to filing the formal written grievance.

404 Grievance Procedure

Each employee of the Town will be provided opportunity to understand and resolve matters affecting his/her employment that the employee believes have been carried out in violation of these policies. Employees may present their grievances without fear of reprisal.

- 1. The employee shall, within ten (10) working days of the date of the event which gave rise to the grievance, or within ten (10) working days of the date he/she could reasonably be expected to have knowledge of the event, present the grievance in writing to his/her Department Head. The Department Head shall, within ten (10) working days, meet and discuss the grievance with the employee and reply in writing within ten (10) working days.

Within ten days of receipt of such a grievance, the Town manager shall meet with the aggrieved Department to discuss their concerns. The decision of the Town Manager with regard to the grievance shall be rendered within ten (10) working days and shall be final.

SECTION 5 SEXUAL HARASSMENT, DRUG FREE WORKPLACE, FAMILY MEDICAL LEAVE AND HOSTILE WORK ENVIRONMENT POLICIES

501 Harassment

It is the intent of the Town of Poland to provide a work environment that is free from discrimination or harassment. Therefore, it is the policy of the Town that sexual and verbal harassment is unacceptable conduct in the workplace and will not be tolerated from any source, including supervisors, co-workers and non-employees. Employees are encouraged to assist the Town with its goal of maintaining a workplace free of sexual and verbal harassment and with its commitment to deal seriously with allegations of sexual and verbal harassment when they arise.

501.1 Sexual Harassment Is Illegal Under State and Federal Law

All complaints will be promptly investigated. All information will be held in confidence and will be discussed only with those who have a need to know in order to either investigate or resolve the complaint. Any employee who is/has been determined to have engaged in sexual harassment will be promptly counseled or disciplined. Employees who make false complaints in bad faith may be subject to disciplinary action, up to and including discharge.

501.5 Verbal Harassment: Any employee who believes he or she has been harassed should take the following steps to resolve the problem:

- 2. If the harassment continues and the employee does not feel comfortable discussing the behavior with the individual(s) involved, or if they believe some employment consequence may result from their confrontation with the individual whose behavior offends them, they should register a complaint, preferably in writing, with their supervisor or with the Town Manager or their designee. All complaints will be investigated promptly, and to the extent possible, on a confidential basis. Confirmed instances of verbal harassment will be dealt with by utilizing whatever disciplinary action the Town deems appropriate, up to and including termination.

Once a signed charge form has been received by the Commission an investigation will be conducted and a determination will be made by the Commission of whether or not there are reasonable grounds to believe sexual harassment occurred. If the Commission determines that sexual harassment did occur, it will attempt to resolve the situation between you and your employer through informal means. If informal means of resolution are unsuccessful, the Commission counsel may file a civil action on your behalf in the Superior Court, seeking appropriate relief.
- **501.57 Maine Human Rights Act Protection Against Retaliation For Complaining About Sexual Harassment:** Under the law, you may not be punished or penalized in any way for truthfully reporting, complaining about or filing a claim concerning sexual harassment in good faith, or for testifying in any proceeding brought by anyone else.

502 Drug Free Workplace:

To help ensure a safe, healthy and productive work environment for our employees and others, to protect Town property, and to ensure efficient operations, the Town has adopted a policy of maintaining a workplace free of drugs and alcohol. This policy applies to all employees and other individuals who perform work for the Town. The unlawful or unauthorized use, abuse, solicitation, theft, possession, transfer, purchase, sale or distribution of controlled substances, drug paraphernalia or alcohol by an individual anywhere on Town premises, while on Town business (whether or not on Town premises) or while representing the Town, is strictly prohibited. Employees and other individuals who work for the Town also are prohibited from reporting to work or working while they are using or under the influence of alcohol or any controlled substances, except when the use is pursuant to a licensed medical practitioner's instructions and the licensed medical practitioner authorized the employee or individual to report to work. Violation of this policy will result in disciplinary action, up to and including discharge. The Town maintains a policy of non-discrimination and does not discriminate against individuals with a past history of illegal drug use, and those who have a medical history, which reflects treatment for substance abuse conditions. We encourage employees to seek assistance before their substance abuse or alcohol misuse renders them unable to perform the essential functions of their jobs, results in a violation of town policies, or jeopardizes the health and safety of any Town employee, including themselves. The Town Manager can ask any employee to submit to a drug or alcohol test after reasonable suspicion that an employee's performance may be limited due to use.

Alcohol and Marijuana: No employees may drink alcoholic beverages or consume marijuana in any form during working hours, including during meal periods, breaks or authorized interruptions of work. This includes overtime periods. An employee who drinks alcohol or consumes marijuana in any form during working hours is subject to immediate discipline which may include dismissal. An employee whose use of alcohol or marijuana outside of working hours impairs his/her job performance and fitness for duty, or jeopardizes the safety of other employees, the public, or Town property, may be subject to immediate discipline which may include dismissal.

502.2 Other Controlled Substances: No employee may sell, manufacture, or distribute narcotics, drugs or controlled substances of any kind while on the job, on work premises, or during an employee's working hours. No employee shall misuse prescribed drugs while on the job. Any employee violating this paragraph is subject to immediate discipline which may include dismissal. An employee whose off-the-job use of illegal or legal drugs impairs the employee's job performance, or jeopardizes the safety of other employees, the public or Town property, may be subject to immediate discipline which may include dismissal. An employee who is arrested and later convicted of off-the-job drug activity may be in violation of this policy and subject to discipline which may include dismissal. In deciding what action is to be taken, the Town Manager will consider the nature of the charges, the employee's present job assignment, the employee's record with the Town and other factors relevant to the impact of the employee's arrest upon the employee's ability to perform his/her job responsibilities.

Employees must inform their Department Head before reporting for work if they are taking any substances, including non-prescription drugs, which may affect their judgment or performance.

<u>502.3 Performance Affected By Alcohol or Drug Abuse: Without waiving its right to discipline or dismissal in a proper case (including, but not limited to, any of the offenses above), the Town recognizes alcohol and drug abuse including the misuse of prescribed drugs may constitute an</u>

illness or disability. The Town will maintain a continuing effort to identify and encourage treatment of drug and alcohol problems of employees. Department Heads will receive instructional material on the identification of alcohol and drug abuse problems. Additionally, the Town may recommend employees utilize the Employee Assistance Program (EAP) available to all employees of the Town.

If the employee obtains a diagnosis indicating a drug or alcohol abuse problem, the Department Head will assist the employee in obtaining a list of treatment resources available to deal with the problem and ensure that the employee is informed of the benefits available through the Town's health plan, if he/she is covered through the Town's plan. If an employee undertakes treatment or rehabilitation for a drug or alcohol abuse problem, the Department Head will work with the employee to modify the employee's work schedule or duties, if modification is consistent with the operational needs of the department and as required by law, to allow the employee a reasonable period of treatment. The employee may request leave pursuant to the Town's FMLA policy. An employee who has been diagnosed as having a drug or alcohol problem and who has undergone or is undergoing treatment may return to work after being certified by a physician as able to return. All relevant personnel records and discussions will be kept in the strictest confidence.

If an employee whose conduct the Department Head reasonably believes is adversely affected by drug use including the misuse of prescribed drugs or alcohol abuse chooses not to obtain a professional diagnosis and/or treatment, the Department Head shall evaluate the employee solely on work performance and shall take appropriate action under these policies.

502.4 Discipline: Nothing in this Section precludes the Town from disciplining; including terminating an employee for alcohol or drug abuse including the misuse of prescribed drugs, including recreational or medical marijuana, that impairs the employee's ability to do his/her job when the Department Head or Town Manager or their designee determines that such discipline is warranted.

Section 504 503 Hostile Work Environment

In general, municipal employees are not required to remain in a hostile work environment. Employees who feel they are in a threatening situation, or a situation in which sexually explicit or foul language is being directed at them, or similar circumstances, should declare themselves to feel that it is becoming a hostile environment and request the offender to cease the offending behavior immediately. If the offender does not stop the hostile behavior, the employee is within their rights to remove themselves from the area, and immediately notify their Department Head of the circumstances and the decision to declare a hostile work environment.

Under no circumstances is an employee permitted to return the hostile behaviors to the offending party (push them, threaten, swear at them, etc.). Employees should tell the party that they are being overly hostile, and that the employee will be leaving if they do not stop. The employee should instruct the person as to whom their Department Head is and ask them to take up the matter with the Department Head, and then politely leave the scene.

This involves running daily <u>audit</u> reports of <u>the Treasurer's</u>-receipts, Tax receipts and Credit / Debit Card Report to determine total funds receipted (and to be deposited). Each Teller is responsible for reconciling their transactions and funds collected following the **Cash Reporting Procedures Policy**. There are four teller drawers in which the beginning drawer balance of each Cash Reporting period (each teller's session) equals \$100\$150. Three teller drawers are for immediate use in the main office (windows 1-3) Tellers will stagger the times of their "cash out" in fifteen (15) minute increments at the end of each work shift to ensure that daily cash reporting is performed without an interruption in customer service. Drawer five is maintained in the Code Enforcement Office and cash reporting is only performed on days when transactions have actually taken place. This drawer will also receipt on a monthly basis, small transactions (under \$5.00) accepted by the Assessing Clerk for photocopies. The Executive Finance Assistant or the Finance Director are is responsible for the verification of reports and funds collected by all tellers and will prepare those funds for deposit. All cash receipts copies will be retained and attached to each teller's Cash Report.

Each teller, after confirming their drawer is reconciled, will lock up their individually-assigned locking bag and place same in the vault. This is done to ensure individual responsibility, security security, and accountability for the cash in the bags overnight.

A cash <u>receiptingreceipt</u> record of all cash drawer overages/shortages shall be maintained daily and shall be reviewed and verified by the Treasurer. Where the difference is in excess of \$20.00, the Treasurer shall participate in an investigation of the variance.

Payment Solutions and reports are provided to the Recreation Department and Finance Office.

CREDIT CARD USE:

Credit cards are issued to individual Department Heads for the convenience of use for telephone purchases, dealing with vendors where we don't have an established account or for one-time purchases where setting up an account may not be desired.

These cards have a limit of \$1,500 each, except for Recreation which has a \$2,500_limit, and must be paid off each month so as not to accrue interest. Receipts should be turned in promptly.

Department heads must submit a signature receipt along with the itemized receipt, account coded to their budgeted line item for each and every purchase and should be turned in promptly.

Any abuse or misuse of the card privilege can and will result in the removal of the card from that Department Head's authority. Any attempts of unauthorized purchases such as for personal use will be considered as theft from the Town and will be prosecuted to the fullest extent of the law. This may result in restitution, suspension, dismissal and or incarceration.

TAX RECONCILIATION:

On a daily monthly basis, following the completion of daily Cash Reporting, the Executive Assistant will prepare a daily tax reconciliation report on all taxes received for the day to ensure that tax accounts are in balance. The Finance Director will prepare a monthly tax reconciliation report to ensure that the tax and lien accounts are in balance.

PETTY CASH:

Payments made to persons expending their own money for Town expenses, such as mileage, postage, election worker meal, and small emergency need items are reimbursed through "Petty Cash" upon evidence of dated, detailed receipts. Mileage is paid at prevailing State of Maine rates. The Executive Assistant will keep receipts and a record of all transactions taking place through Petty Cash. The Executive Assistant will provide a complete expense report upon requesting replenishment of funds.

CASH CONTROLS INTERACTION WITH PERSONNEL FILES:

The Town of Poland hereby adopts a policy of annual goal-setting and performance reviews with all personnel. The Town Manager shall conduct such evaluations with all department directors, and they shall subsequently do the same with all their part-time and full-time staff. As part of these evaluations, goals will be established for the coming year, and each year, a review of the degree to which the goals were completed, as well as a review of work habits shall take place. With the adoption of the 2007 Pay for Performance

Plan, performance evaluations will take place on or about January 1st of each year to be built into the spring proposed budget for the following year.

The Board of Selectpersons shall award the bid to the best bidder; not necessarily the lowest bidder; keeping in mind the total cost over the life of the project or equipment, the quality of material, availability of service, contributions by the bidder to the local tax or employment base and other significant factors.

<u>Bid Procedure:</u> The Town of Poland adopts by the Town Meeting process, the competitive sealed bid process for purchases of \$5,000.00 or greater. PURCHASE ORDER SYSTEM:

<u>Purchases:</u> Purchases equaling \$999 or less require the signature of the Department Head on the invoice as well as the proper account code, but do not require a Purchase Order. Purchases of \$1,000 to \$4,999 require the signature of the Department Head and Town Manager on the invoice as well as the proper account code before payment will be made. The Town utilizes a purchase order system for all purchases over \$5,000 or where it is required by the vendor (includes all General Expenses). The Department Head and Town Manager only need to approve the Purchase Order if the purchase will be over \$5,000. The Department Head must sign any and all vendor-required purchase orders. Purchases under \$5,000 do not require a Purchase Order, but must be signed_by the Department Head and properly coded (account number written on invoice) before invoice will be paid.

The Finance Director will verify items received or services rendered prior to any payment of purchases \$5,000 or over.

Purchase Order Filing: White copy to Vendor, if requested

Canary copy to Finance Clerk, upon issuance Pink copy to Finance clerk, upon issuance

Gold copy to Department Head

<u>Authorization:</u> Personnel authorized to sign purchase orders must sign in the approval area on the Department Head line. A list of all authorized purchase order signators will be maintained by the Finance Department. Department Heads shall see that all necessary information is completed on each Purchase Order issued.

<u>Recordkeeping:</u> Purchase Orders will be reviewed on a monthly basis by the Finance Clerk for verification of payment or outstanding status.

Vendor Accounts: The Town may establish credit accounts with vendors that are used frequently, especially for low-cost items. These accounts shall not exceed \$1,000, and must be billed to the town no less frequently than monthy to ensure timely, proper utilization of said credit accounts.

<u>Bid Items:</u> Purchase Orders will not be mandatory on previously accepted bid items or regularly contracted merchandise supplied on an as needed or regular basis, i.e. insurance, oil, oxygen, gasoline, and diesel fuel.

<u>Exceptions</u>: Payments shall be issued upon date of request for funds collected by the town as an agent for the state, i.e. Motor Vehicle fees, Inland Fisheries fees, Animal Welfare fees, General Assistance, and direct emergency needs shall be approved by the Town Manager. These items do not require warrant approval. Department heads should make every attempt to meet the bi-weekly accounts payable deadline.

<u>Voids:</u> Department Heads are to return all parts of a voided Purchase Order to the Finance Clerk.

MAJOR APPROPRIATIONS:

No lease or other contractual obligation, excluding collective bargaining agreements, for a term of longer than twelve months or requiring an expenditure of Town funds in excess of fifty thousand dollars (\$50,000) shall be effective unless it is first approved or subsequently ratified by the qualified voters in an article presented for consideration at Town Meeting.

FEMA FUNDS:

Monies received from FEMA shall be applied to offset expenses related to the event (i.e., payroll, materials, equipment use). Any amounts above event expenses will be used to offset related expenses at the Town Manager's discretion.

GRANTS:

All grants awarded to the Town and/or any of its departments may be spent by the direction of the appropriate department for the purpose of the grant so long as matching local funds were not used in obtaining the awards. The Board of Selectpersons shall retain control over any grants obtained with Town funds.

FUND BALANCE MANAGEMENT:

<u>Definitions:</u> For the purposes of this policy, "fund balance" shall mean the total of undesignated and unreserved General Fund balances as reflected on the balance sheet of the Town of Poland. All surplus policy formulas and discussions refer specifically to the undesignated and unreserved fund balance at year-end (June 30) as reported in the audited financial statements of the Town of Poland. Excluded from the calculations and policy formulas are fund balances in designated education-related accounts, capital reserve accounts, or any funds other than the General Fund.

<u>Targeted Fund Balance:</u> The Town's management objective is to carry a fund balance of 8.3% (1/12) of the total annual budget. The "total annual budget" would include schools, contributions to capital reserves and debt service.

A fund balance of less than 8% is cause for some concern except in unusual and deliberate circumstances. Fund balance in excess of 15%, although attractive features on a balance sheet, are generally considered excessive, and should be applied to capital projects, debt reduction or in certain cases, to reduce the annual tax requirements of the Town (when surplus fund balances are likely to be reliably available each year).

<u>Fund Balance Appropriations:</u> On or about December 1 of each year, the Board of Selectmen shall determine the amount to be taken from surplus fund balance, if any, that may be applied as a "revenue" for purposes of developing the subsequent municipal budget. The Town Manager and the Finance Director are responsible to project such year-end balances and recommend an amount of surplus fund balance, if any, that may be applied to the budget proposal consistent with this policy.

<u>Investment of Fund Balance</u>: Undesignated fund balance amounts represent an accounting balance and not necessarily a segregated investment account or pool of funds (idle cash) waiting to be expended or invested. The Treasurer and Finance Director are responsible to jointly forecast cash flow requirements for all town purposes and to safely invest any idle cash or capital reserve balances prudently and properly. As such, surplus fund balance investment does not have an investment policy distinct from the general investment guidance and objectives for all Town Funds as contained in the Poland

Financial Policies. (Certain trust accounts, accounts held under grant agreements, and escrow type funds, such as security deposits may have special investment rules or limitations, but otherwise all town investments are subject to the general rules of prudence and state law. The Town, in that policy, seeks to provide security, liquidity, and return, in that order.)

TAX ACQUIRED PROPERTY:

The Town of Poland will act on outstanding tax liens within a period of 18 months of issuance in order not to lose these tax monies under State laws. The Town will seek to adopt standards for the disposition of tax acquired property, whereby property is disposed of <u>as required by Maine state law. quickly, responsibly and in the community's best interest.</u>

PERSONAL PROPERTY TAXES:

It is the policy of the Town to apply any paid taxes to a person's personal property account first, before applying said payments to real estate. Furthermore, taxes paid get applied first to any outstanding interest due to the town. Annually, the Town Manager will prepare a report for the Selectmen indicating the status of outstanding personal property taxes. If it is clear that the Town will be unlikely to collect outstanding debts due to infirmity, bankruptcy, etc., the Board of Selectpersons will be asked to abate the taxes in an effort to clear up outstanding accounts, which traditionally have been carried forward on the books for many years. If it appears that they are collectible, those taxes will be pursued immediately. (The Selectmen Selectpersons are authorized to dispose of Town-owned personal property with a value of \$15,000 or less under such conditions as they deem advisable.)

REAL ESTATE TAXES:

The Selectpersons are authorized through a town meeting vote to reduce the real estate and personal property tax commitment by an amount not to exceed any additional amount the town may receive from the foundation allocation or debt service allocation once the Maine Legislature has established those amounts.

All taxes assessed for each fiscal tax year July 1st through June 30th are due in two (2) installments, with the first half (1/2) of the total amount due and payable on October 1st, and the remaining half (1/2) due on April 1st; interest is charged and computed on a daily basis on any portion of the installment due that remains outstanding as of November 1st or May 1st authorized annually through a town meeting vote. Pre-Payment of property Taxes is not permitted.

Pursuant to Title 36, MRSA, section 506-A, the interest rate to be paid by the Town on abated taxes is three percent (3.00%) and authorized annually through a town meeting vote. Subject to Town Meeting approval, the interest rate charged on late taxes will be the maximum that the State Treasurer allows annually.

Accidental tax interest payment shortages in an amount not to exceed \$5.00 are waived annually through a town meeting vote.

The <u>SelectmenSelectpersons</u> and Treasurer are authorized to sell, on behalf of the Town and after consulting with the town Conservation Commission, at public or private sale, any or all real estate held by the Town by virtue of the tax lien mortgage procedure, and

authorize the Treasurer to execute sufficient Quit Claim Deeds for the same. Such sale to be made by public bid except in cases where the property being sold is being deeded back to the original owner or his heirs, successors, or assigns. The Treasurer is authorized to sign, seal, execute and deliver good and sufficient Quit Claim Deeds without covenant to any and all purchasers of property sold under the terms stated.

LIEN AND FORECLOSURE PAYMENTS AT DEADLINE:

A lien or foreclosure, being released by belief that a personal check has adequate funds, where in reality, the check lacks sufficient funds to clear the bank, would create a situation where the processes would need to be repeated, therefore it is policy that no personal checks may be accepted for purposes of paying off a lien nor a foreclosure within five business days of the actual dates of lien placement or foreclosure occurring. Cash or a certified bank check or equivalent guaranty of payment is required to pay off these important legal processes (lien and foreclosure) within five days of the perfected security action itself. The policy is to apply any tax payment to the oldest real estate account. Furthermore, any taxes paid get applied first to any outstanding interest due to the town.

BANKRUPTCIES: Before proceeding with the collection of petitioned or post-petition taxes (even though post taxes are not subject to the bankruptcy automatic stay) the bankruptcy trustee shall be contacted on the status of the petition. If the petition is active, the trustee may arrange for payment of the tax from their scheduled expenses. If the petition has been dismissed collection will be obtained through established tax collection regulations.

FIXED ASSETS ACCOUNT: Per GASB 34 - An inventory of all capital assets will be developed and maintained at all times in a fixed assets account. This account will be used to monitor the depreciation of and the improvements to our capital assets. In these accounts, value is added or subtracted as improvements are made or neglected; assets are also added and deleted as they are bought, traded or sold.

It is the policy of the Town of Poland to annually adopt a 5-Year Capital Improvement Program (CIP) to ensure regularly scheduled maintenance of existing assets and the funding of mandated or much-needed new capital projects. In order to qualify as a CIP item, the project or item must have a minimum value of no less than \$10,000. The annual review of the CIP will begin with submission of same to the Planning Board by January 1st of each year.

RESERVE ACCOUNTS:

It is the policy of the Town of Poland to limit tax fluctuations by annually setting aside capital purchase reserve funds (designated by use). The Town Manager recommends amounts and uses in his proposed budget, which is then reviewed and recommended to Town Meeting by the Board of Selectmen Selectpersons and the Budget Committee. The Town Meeting election vote establishes final amounts and uses for those reserve funds. Establishment of a reserve account is secured through the signature card for the account (Town Manager or Town Clerk; 2 signatures required). Additions to or expenditures from existing accounts are secured by requiring the signature of the Town Manager and being processed through the bi-monthly A/P warrant process, requiring Selectmen approval. Monthly bank statements are reconciled by the Finance Director and reviewed by the Town Manager. Interest on combined investment CDs for reserved capital purchase

accounts are allocated by percentage of principal of each designated use within the single CD.

The SelectmenSelectpersons and Treasurer are authorized to sell, on behalf of the Town, at public or private sale, used town vehicles and or equipment and to see that said sales are placed into the equivalent reserve fund. Additionally, the Selectpersons are authorized to expend amounts previously placed into reserve accounts only for purposes that are consistent with the intent of the reserve fund when created and funded, and to lapse unexpended capital funds into reserve accounts at their discretion.

INVESTMENT POLICIES:

All Money Fully Secured: All of the funds in the custody of the Town of Poland must be fully insured in Category 1 investments, either through FDIC insurance, perfected sureties or collateralization. When using collateralization as a method for securing Town monies, we will not engage in any measure less than perfected securities (bank securities and bonds to be held by a third party, in the Town's name, to be turned over to us in the event of a bank failure.)

<u>All Money Kept Flexible and Liquid:</u> The Town of Poland hereby adopts a policy of using Cash Flow Analysis as a basis for measuring the term of investments. We seek to allow maximum flexibility and liquidity while still obtaining favorable yields.

<u>All Money Earning Best Obtainable Yields:</u> The Town will <u>assure</u> that all investment funds are receiving the best available yields, subject to the limitations of security and liquidity.

Adopted this 3rd day of June, June 2014.
