# Re: Financial Statements for FY 2021

With 50 weeks behind us in fiscal 2021, revenues and expenditures should be approximately 96.15% collected or spent, respectively.

# Selected Financial Data:

Fire Rescue Total Wages – Percent Expended – **92.84%.** Per Diem staffing constraints continue to push overtime wages higher, but total wages have been contained within budget limits overall. FEMA grant reimbursements in both straight and over-time hours have assisted in these results.

| Total          | \$274,117.48   | \$245,557.64                |

Real estate and personal property tax collections continue to outpace the previous year, totaling 96.03% year-to-date for fiscal 2021 versus 94.10% collected for the same period in fiscal 2020, but are slightly behind pre-pandemic levels, when compared to fiscal 2019. Likewise, ambulance collections for fiscal 2021 are ahead compared to the same period in fiscal 2020.

General fund revenues to-date continue at over-budget levels, coming in at 99.87% collected, This primarily due to commitment of taxes and receipt of annual State revenues. State revenue sharing exceeds the annual budget by approximately \$79,000, which will grow further when June's amount is received. Likewise, motor vehicle excise and code enforcement fees have surpassed the annual budget by \$162,186 and \$15,725, respectively. The excess can be primarily attributed to the reduction taken in the excise tax budget due to unknowns around the pandemic and unanticipated code permitting for a new solar farm. Electrical permit fees have also surged ahead of budget by \$5,712 based on the same solar project. In addition, ambulance service, marijuana licensing, motor vehicle, plumbing permit, solid waste service and other fees are also ahead of budget year-to-date. As noted above, fiscal 2021 budget expectations for revenue sharing, motor vehicle excise, and other revenues were lowered from original levels due to fiscal unknowns around COVID-19. However, Maine's economy continues to move toward recovery from the economic impact of the pandemic as evidenced by this favorable revenue trend.

General fund expenditures have dropped slightly below budget at 95.95% expended, despite many annual budget contributions having been made, which have had less of an impact on results as we near our fiscal year end. However, certain summary expense categories such as conservation, social service agencies, law enforcement, dispatching, animal control, and fire hydrants remain ahead of budget due to contractual payment requirements and payment timing differences. Underlying expenditure details also support this spending pattern. Most departmental budgets continue to be managed well within budgeted guidelines due in part to various legislative initiatives at the federal level that have worked to partially mitigate the effects of the pandemic. Also, as a reminder, miscellaneous transfers include a fiscal 2021 tree growth penalty of \$5,297.73 which has been transferred to the conservation reserve to fund future land purchases. Please refer to the Bi-weekly Expense Report in the Board packet for specific line-item details.

TIF expenditures have dropped below budget, at 93.51% expended due receipt of the Route 26 sewer expansion bond proceeds. However, semi-annual debt service payments and quarterly hydrant payments remain over budget albeit minimally. Debt Service in PSB TIF 2 will remain over budget due to the underfunded federal interest subsidy of 5.9% on the Town's Recovery Zone Economic Development Bonds (RZEDBs) used for water and sewer lines in 2010.

Recreation programming including fall program registration continues to stimulate recreation operations as evidenced by all program revenues outpacing expenditures. Please refer to the Recreation Report in the Board packet for detailed program revenue and expense.

Ricker Memorial Library revenues are above budgeted levels, at 98.31% collected, primarily due to receipt of the Town's annual contribution to the Library. Book sales, overdues, and inter library loans also remain ahead of budgeted levels. Expenditures continue to run below budgeted levels overall at 89.87% expended. Some expenditures - certain utilities, postage, office equipment/fees, and audio books are modestly ahead of budget. Health insurance expense continues climb above budget due to a change in employee health plan election beginning January 2021. Please refer to the Fund 70, Bi-weekly Expense Report in the Board packet for line-item details.

It has been getting more and more difficult to entice per diem employees to fill shifts. When the schedule was created for May there were 44 open shifts. Forty of those were day shifts and four were night shifts. A couple per diem employees stepped up to fill a few of those shifts leaving the rest to be filled by the full timers.

### Poland Parks & Recreation Department May 2021 Monthly

### **Director Notes:**

### **Camp Connor:**

We currently have an average of 111 campers signed up. We also have 57 campers signed up for our bonus week June 14<sup>th</sup>. We are super and proud to be able to offer 10 weeks of camp this summer. We have raised \$17,390.00 to support campership scholarships. We have provided 120 weeks of camp this year and still have a small amount of funds to provide for a few more kiddos to attend camp.

We reached out to bring 6 kids from Mechanic Falls who had planned to attend the Mechanic Falls summer program, and due to the camp not opening, these families would have been challenged to find child care this summer. We teamed up with three businesses in Mechanic Falls to help supplement the cost.

**Update on the boat:** We hope to have ownership by June 11<sup>th</sup>. We have received more than enough donations to cover the entire cost.

May 22<sup>nd</sup>, PRHS Senior class held their senior trip at Camp Connor. They had a great time! They also made a \$500.00 donation to our camp. Go class of 2021!

| RE:   | Hybrid Meetings                  |

The State of Emergency will end on June 30, 2021. This means that we have until August 1, 2021 to continue to hold meetings either remotely or in a hybrid model. We will be doing a hybrid model for the Board of Selectpersons until August 1, 2021. This means that the Board can meet in person and the public can either come in person or be on zoom to connect to us during the meeting. The meeting will also be televised live through cable tv on our local access channel.

The legislation has not yet voted to continue remote meeting authority past the August 1, 2021 deadline but we will continue to monitor this and report back once the vote has been taken.

| Re:   | Use of American Rescue Plan Funds to Repair Hackett Mills Road |

Poland will receive \$596,376.51 in American Rescue Plan funding. The funds will be spread over two years and delivered in equal installments. We expect to receive \$298,188.26 shortly.

Recommend that \$50,000 of ARP funds be used to repair Hackett Mills Road.

Estimate from P&B Paving for Hackett Mills shim and overlay work is \$119,558.

Public Works Director estimates he will have \$69,000 remaining in the Road Reserve account. This estimate is based on savings to date on Maple Lane and Elm St Extension. We will ensure these savings are realized prior to authorizing the work on Hackett Mills Road.

Recommend extending the paving contract with P&B Paving.
